Magnet Recognition
American Nurses Credentialing Center

PUBLIC NOTICE
ANCC Magnet Recognition Program
Site Visit

ANCC Magnet Recognition is one of the highest credentials a healthcare organization can achieve. Magnet designation indicates to patients and the public that the organization has met the most stringent, evidence-based standards of nursing excellence in patient care delivery. Magnet Recognition is not merely an award or a badge of honor. It is steadfast proof of a hard-earned commitment to excellence in healthcare, with contented nurses at its heart.

UPMC Children's Hospital of Pittsburgh was designated as a Magnet organization in 2012, 2017 and 2022 by the ANCC Magnet Recognition Program® and is now applying for redesignation.

We invite patients, family members, staff, and other interested parties to provide feedback via email or direct mail.

Why is Magnet important?

Magnet recognition acknowledges the invaluable contributions of nurses in all healthcare settings and among all populations worldwide. It is a results-driven recognition that fosters nurse engagement and the role nurses play as interprofessional team members to improve patient outcomes and reduce healthcare costs.
