
Would you like to speak to the parent of a transgender child?

Parents of gender expansive children may feel alone or like they do not have anyone with whom they can discuss difficult subjects. Through the PFLAG Parent Outreach Program, you can talk to a parent who has been through what you are experiencing. You can ask questions about navigating difficult situations like school or “coming out.” You can hear about their experience with their own child and how they were able to handle various challenges.

If you are interested in being matched with a parent, please call the PFLAG Warm Line at **(412) 833-4556** and leave a voicemail OR send an **email** to parentsupport@pflagpgh.org with the following information:

- Name and phone number
- Communication preference (Text/Call/Email)
- Neighborhood or City if you would like to be matched with a parent who lives nearby. *
- Any preferences on who you are matched with* (ie. If you prefer to talk with a parent of the same gender as you, if you prefer the parent of a child of the same gender as your child)
- Any other information you believe is relevant that you would like to share with the parent you will be matched with.

* Although we strive to match based the preferences of every parent, there are some situations where we may not have volunteers who meet this criteria and we will do the best we can.
