

Helping to Build a Healthier Tomorrow

A MESSAGE
FROM OUR
LEADERSHIP

Everything Starts with Our Commitment to Serve

Everyone needs someone they can count on ... no matter what. At UPMC, we are proud to be there for the people and places we call home. With an unmatched combination of exceptional care, breakthrough treatments and cures, insurance services, and a broad network of hospitals, urgent care facilities, and physician and clinician offices, we are delivering the compassionate, affordable care that's making individuals, families, and communities stronger.

Recognized around the world for our clinical excellence, we specialize in changing lives for the better by providing exceptional access to cutting-edge medicine, close to home. We are also working closely with our partners at the University of Pittsburgh to advance pioneering research, and to provide extraordinary educational opportunities for the next generation of health care professionals.

With a footprint covering Pennsylvania, Maryland, New York, and beyond, we are always striving to expand our services. We are building new facilities—like the new Daniel G. and Carole L. Kamin Tower at UPMC Presbyterian in Pittsburgh—and growing our Insurance Services, which serves more than 4 million members. And we are also stepping up to help support local communities and the Commonwealth through charitable contributions and taxes paid, as well as generating a combined economic impact of more than \$50 billion each year.

Underpinned by 100,000 dedicated employees, we are extending the reach of UPMC's Life Changing Medicine with outstanding results ... and helping to build a healthier tomorrow for us all.
