# UPMC | COLE

## **SLIDING FEE DISCOUNT APPLICATION**

This practice is part of the UPMC Cole's system of healthcare delivery sites. UPMC Cole is committed to ensuring access to the healthcare services needed by all those we serve. No one will be denied care at any of our health centers because of inability to pay. The sliding fee discount program provides a discount for you if you qualify. It is based upon your household size and total gross income. **Your information is treated with the utmost confidentiality**.

The discount applies to the UPMC Cole health center services for those who are under or uninsured and whose income falls within the program guidelines. Please inquire at the reception desk if you have any questions about the discounts you can receive. Or you may ask any health center employee for an application and assistance in completing the form.

If you are required to file a federal income tax 1040 form, please submit a completed and signed application with a copy of your most recent federal income tax 1040 form. Additionally, you may also submit your most recent pay stubs if your income has changed since your last filed 1040 form. Examples would be if you have changed jobs, are no longer working, or were laid-off from your job. Please also submit proof of any non-taxable income such as Social Security, Veterans or Disability benefits.

If you are not required to file a federal income tax 1040 form, proof of income such as copies of checks from Social Security, public assistance, rental income or signed statements with child support information can be accepted. Your application will be reviewed every six months after you submit your most recent federal income tax 1040 form.

## THE APPLICATION AND ANY INCOME INFORMATION IS STRICTLY CONFIDENTIAL
