## DID YOU KNOW?

UPMC HAMOT SERVES A  
REGION THAT INCLUDES  
**OVER 1 MILLION** PEOPLE IN  
NW PA, WESTERN NY, AND  
EASTERN OH.

# HOSPITALISTS (IM)

## CLINICAL ROTATION INFORMATION

### DESCRIPTION

Students work with an attending and upper-level resident to form a patient care team. Students typically work 20 shifts over a four-week period. Students receive hands-on clinical experience caring for a variety of hospital patients. Students complete history and physical examinations, assist in bedside procedures, and discuss treatment and disposition options with the supervising physician.

### GOALS & OBJECTIVES

BY THE END OF THE ROTATION, THE STUDENT WILL:

- Appropriately perform rounds on patients
- Formulate plans of care
- Experience bedside procedures
- Interpret test results
- Assist resident and attending physicians with plan execution, treatment, and reassessment of patients

### EVALUATION PROCESS

A composite evaluation is completed at the end of the rotation. This evaluation is composed with written feedback from the attendings who had direct interaction with the student.

### FAST FACTS

**Clerkship Course Director:** Ryan Maciak, DO

**Clinical Year:** Third- and fourth-year students

**Duration:** Four weeks

**Shifts:** Monday through Friday, 7:00AM to 5:00PM

# STUDENT TESTIMONIALS

"The physicians were absolutely wonderful. They were all so knowledgeable, helpful and were fantastic teachers."

"All of the faculty and residents were amazing and seemed to love teaching."

"All of the hospitalists were very inviting and eager to help me learn. Dr. Shakoor and Dr. Warriar were exceptional! They ensured I was given lectures on common topics seen in IM and gave me advice for residency and my future practice. Best rotation I have had thus far. Thank you!"
