

## Library Services Mission

To assist in fulfilling the mission of UPMC Hamot - to promote the advancement of research, education and patient care.

The Library is committed to working with others to provide high quality, cost-effective, fully accessible services to health care providers.

The Library supports the creation of new knowledge, the education of health professionals, life-long learning, timely access to information, and informed health care decisions.

## UPMC Hamot Library Services

UPMC Hamot Library has transitioned to the e-resources from the Health Sciences Library System (HSLs). This collection of electronic resources can be accessed by connecting to Pitt's HSLs website at [www.hsls.pitt.edu](http://www.hsls.pitt.edu) or through the Physician Intranet Page or under Departments and click on Library Services. Although there are hundreds of journals, textbooks, and other electronic databases available to UPMC staff on the HSLs website, please note that some resources are available ONLY to those persons with a Pitt ID.

If you have any questions, please contact Diane Voelker, Hospital Library Manager at ext. 3628 or email [voelkerdr@upmc.edu](mailto:voelkerdr@upmc.edu).

Remote access is available through your UPMC Access Account. (For assistance visit the UPMC Access Help page at <http://accesshelp.upmc.com>.)

For technical assistance with UPMC Access, please call the ISD Help Desk.

Need help with information, visit the library web page:

@ iHamot Intranet

- Departments
- Physicians
- Nursing

### Interlibrary Loan

Materials not available in-house may be borrowed from regional and national library contacts. Students affiliated with UPMC Hamot are requested to utilize their associated university library for interlibrary borrowing.

### Library Rules & Regulations

Patrons are responsible for all materials signed out.

Patrons must comply with requirements of the Copyright Regulations.

Patrons who do not comply with the above Rules and Regulations may be asked to leave the library.

Use of the library is at the discretion of the Hospital Library Manager.

### Borrowing Policy

Reference books, journals, anatomical models, and newspapers are restricted to Library usage. Select books may be checked out of the Library by UPMC Hamot employees for a loan period of two weeks. The borrower must sign out books with name, date and department.

### Copying Policy

Copier, scanner and fax machines are all available to UPMC Hamot staff free of charge. Large print quantities must be sent to the UPMC Hamot Service Center.

### Literature Searching/Instruction

Literature searching of databases is offered to students, residents, medical staff and allied health professional staff. The Hospital Library Manager supplies information and data, and instructs users with electronic and print resources. Additionally, the Hospital Library Manager suggests research strategies and offers individual consultation.
