Purpose: UPMC Agreement Participation Status Update

Monthly Activity

***Effective 01/01/2019 Divine Providence Hospital became a campus under The Williamsport Regional Medical Center**
***Medical Mutual members seeking services at UPMC Providers in Pennsylvania are now PAR with Aetna AXA**
-NOTE: Please be sure to read both Agreement and Product when assessing participation status

Key Principles

- All Facilities accept Medicare Private Fee For Service Products, no contract necessary, except UPMC Cancer Centers do not provide medical oncology services (i.e. Private Physician Offices)
- HMO Products must use contracted facility unless an exception and authorization is granted
- PPO Products may use non-contracted facilities but will have out-of-network benefits applied
- Behavioral Health benefits may use a Behavioral Health Network separate from the insurer
- Skilled Nursing benefits may require separate contract
- National PPOs (i.e. MultiPlan, Devon, PHCS, etc.) indicated on card does not guarantee that the payor/insurer uses as the primary network, but only a discount on out-of-network claims
