

Our Mission and Vision

Our Mission

UPMC Horizon strives to deliver high quality, patient-centered health care to the communities we serve.

Our Vision

We are committed to providing patients with exceptional care that exceeds patient expectations. Through collaboration between the board, medical staff, and hospital staff, UPMC Horizon is committed to a culture in which our employees and physicians exhibit the core values of dignity, respect, compassion, and genuine concern for all.

Our Values

Dignity

UPMC Horizon values humanity and believes that all patients deserve to be treated in a manner that promotes dignity at all times.

Respect

UPMC Horizon values the diversity of the communities we serve and believes that all patients deserve to be treated with respect at all times.

Compassion

UPMC Horizon values the trust placed in us by our community and believes that all patients deserve to be treated with compassion and a genuine concern for their physical, emotional, spiritual, and social needs.

Our Signature Services

Birth Place

Located at UPMC Horizon-Shenango Valley, Birth Place includes a labor and delivery unit, Cesarean surgical suite, a mother-baby unit, and level I and level II nurseries. Neonatal nurse practitioners and pediatric hospitalists are available on site, and the unit has access to neonatology at UPMC Children's Hospital via telemedicine. Ob-gyn physicians and anesthesiologists are available at UPMC Horizon-Shenango Valley 24 hours a day, seven days a week.

UPMC Hillman Cancer Center at UPMC Horizon

UPMC Hillman Cancer Center at UPMC Horizon provides high-quality cancer care to residents in our region. Patients have access to cancer-fighting tools and techniques, including targeted radiation treatments, advanced anti-cancer drugs, and the latest cancer clinical trials. These services are complemented by a cancer care team that understands the importance of both comprehensive support and the dynamic communities served by UPMC Horizon. Medical oncology services are available at both the Shenango Valley and Greenville campuses as well as in New Castle. Radiation oncology services are also offered at the Shenango Valley campus.

Imaging

UPMC Horizon offers an array of imaging services, from routine x-rays to computed tomography (CT) scans, positron emission tomography-computed tomography (PET-CT) scans, and nuclear medicine. The hospital has received the American College of Radiology (ACR) gold seal of accreditation for ultrasound, digital and 3D mammography, magnetic resonance imaging (MRI), nuclear medicine, computed tomography (CT), and positron emission

tomography (PET). Breast imaging and biopsies are also available at UPMC Specialty Care in Hermitage and are read by radiologists who specialize in breast imaging.

Orthopaedics

UPMC Horizon takes great pride in its comprehensive orthopaedic surgery program. In 2023, the hospital was designated a UPMC Health Plan Hip and Knee Joint Replacement Surgery Center of Excellence. Built on the expertise of its board-certified orthopaedic surgeons, UPMC Horizon's orthopaedic surgery program guides its patients through the entire process, from preoperative testing and education to postoperative care and rehabilitation. Same-day robotic-assisted joint replacement procedures are available at UPMC Horizon-Shenango Valley, and outpatient orthopaedic offices are located in Greenville, Hermitage, New Castle, and Slippery Rock.

Primary Care Network

The primary care providers affiliated with UPMC Horizon offer outstanding health care at convenient locations throughout our region. And when you need specialized treatment, our PCPs are a gateway to care with UPMC's nationally ranked surgeons, specialists, and health centers.

Sleep Medicine

Located at UPMC Outpatient Center in Hermitage, the UPMC Horizon Sleep Center offers both in-lab and at-home sleep testing to diagnose and treat obstructive sleep apnea as well as narcolepsy, snoring, restless leg syndrome and other parasomnias. Sleep disorder medicine is a recognized specialty, and sleep testing is an accepted medical procedure whose cost is covered by most insurances.

Surgery

With a wide range of available surgical specialties and significant investments in facilities and technology, UPMC Horizon is the destination for world-class surgical care in the Mercer County region. From general surgery to specialties including orthopaedic, urologic, and minimally invasive gynecologic surgery, UPMC Horizon offers a quality, patient-centered experience from the preoperative testing phase to recovery. Our facilities include operating rooms specifically designed for minimally invasive surgery and ambulatory surgery suites featuring high-definition endoscopy equipment. Services include but are not limited to inpatient and same-day (outpatient) surgical services, ambulatory services, and endoscopy procedures.

Women's Health

UPMC Horizon is committed to providing exceptional care to women of all ages. From routine checkups to family planning to cancer care and beyond, our partnership with UPMC Magee-Womens Hospital brings high-quality women's health services to our patients. Our expert physicians and advanced practice providers are here in your community, which means you do not need to travel far for your health care needs.

Wound Healing Services

The UPMC Center for Wound Healing at UPMC Horizon provides treatment options for nonhealing wounds, including hyperbaric oxygen therapy. Our multidisciplinary team includes wound care specialists, surgeons, podiatrists, hyperbaric technicians, and wound care nurses who work together on a customized treatment plan. The wound clinic is located adjacent to UPMC Horizon-Shenango Valley on Likens Lane.
