## **Spiritual Care Mission Statement**

Chaplains of the Office of Spiritual Care offer spiritual support to patients, families, and staff. We offer pastoral care regardless of faith tradition or denomination. As part of the health care team, we are committed to the care of the whole person. As Chaplains, we seek to identify the spiritual needs of all who desire our services. We seek to provide healthy and meaningful pastoral care that connects with the person's religious beliefs and attitudes.
