

Nutrition plays a crucial role in maintaining your health and aiding in the healing process. Your physician or dietitian will prescribe a specific diet during your stay with us. This diet may include therapeutic restrictions such as:

♥ Cardiac/Heart Healthy Diet

This diet focuses on foods lower in sodium and fat. It may also limit caffeine. Items with a ♥ next to them are suitable for a Cardiac/Heart Healthy diet.

✓ Vegan-Friendly Items

Items with a ✓ next to them are vegan-friendly items.

Consistent Carbohydrate Diet

This meal plan ensures a consistent amount of carbohydrates at each meal, often prescribed for individuals with diabetes.

Diets like Consistent Carbohydrate 45, 60, and 75 provide 40, 60, and 75 grams of carbohydrates per meal, respectively.

Carbohydrate counts (in grams) are provided next to items with significant carbohydrate content.

R Renal Diet

This diet emphasizes foods that are lower in salt and potassium, and it may also limit phosphorus and protein. Items with a R next to them are suitable for a Renal Diet.

NPO (Nothing By Mouth)

This diet is ordered when a person cannot have any solid or liquid foods by mouth.

032024A
