

# Steps to a Healthier You!

UPMC provides quality, convenient health care services at the Lebanon Valley Advanced Care Center (LVACC). The Center provides primary care (Annville Family Medicine), walk-in care, imaging and laboratory services, as well as access to various specialists for consultation in areas such as orthopaedics, gynecology, neurology, cardiology, endocrinology, general and oncologic surgery, and much more.

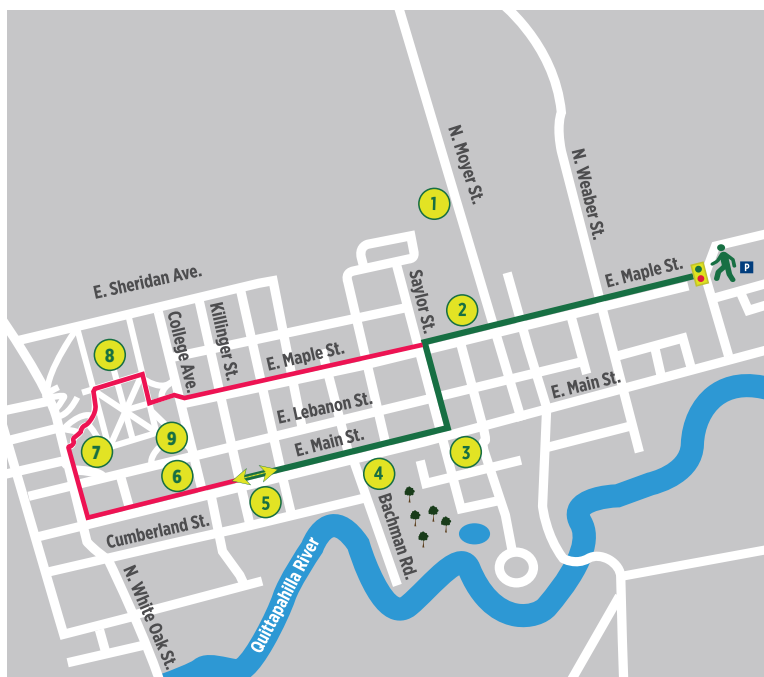

LVACC is also a designated WalkWorks affiliate and has an established WalkWorks route to increase opportunities for physical activity for the residents of the Lebanon Valley. To join a walking group or become a walking group leader, email [duncannd@upmc.edu](mailto:duncannd@upmc.edu).
