

LIVING WITH OPIOID ADDICTION? WE CAN HELP.

Do you have a problem with opioids — such as with drugs like heroin, fentanyl, and prescription painkillers?

The UPMC General Internal Medicine Recovery Engagement Program can help you on the path to recovery from problems with these substances by providing buprenorphine (Suboxone®, Sublocade®, and Brixadi®) or naltrexone (Vivitrol®) treatment, ongoing mental health counseling, peer support, primary care, and more.

UPMC GENERAL INTERNAL MEDICINE RECOVERY ENGAGEMENT PROGRAM

UPMC MERCY HEALTH CENTER

Second Floor, Suite 233
1515 Locust St.
Pittsburgh, PA 15219

Engagement Program for

OPIOID ADDICTION

Helping you reclaim your life
and supporting your journey
to recovery

WHAT IS THE RECOVERY ENGAGEMENT PROGRAM?

The UPMC General Internal Medicine Recovery Engagement Program is a clinic located in UPMC Mercy Outpatient Health Center. Our program is for patients with any current or previous opioid use problem.

The clinic provides these services and more to help you:

- Addiction medicine consultation and treatment
- Harm reduction kits
- Medication-assisted treatment (MAT), including buprenorphine (Suboxone®, Sublocade®, and Brixadi®) and naltrexone (Vivitrol®)
- Ongoing mental health counseling
- Primary medical care and wound care
- Psychiatry
- Social support from peers with lived experience
- Testing and treatment for viral and sexually transmitted infections like HIV and Hepatitis C
- Treatment of common co-occurring conditions, such as pain, anxiety, depression, and ADHD

MULTIDISCIPLINARY APPROACH

While participating in the Recovery Engagement Program, you'll have access to a multidisciplinary team of professionals specially trained to help manage recovery efforts, including:

- **Physician Assistants**
- **Medical Assistants**
- **Physicians**
- **Registered Nurses**
- **Mental Health Therapists**
- **Patient Services Representatives**
- **Peer Navigators**

The entire team works closely together, and shares information to assure the best plan of care for you.

ELIGIBILITY

- **Be 18 years of age or older**
- **Meet the criteria for an opioid use disorder diagnosis**
- **Commit to program engagement by meeting with your health care provider and treatment team regularly**
- **Provide UPMC-accepted health insurance**

UPMC doctors and hospitals accept most major insurers, including Aetna, Cigna, Highmark, United Healthcare, and UPMC Health Plan.
